DETAILED ACTION

Allowable Subject Matter

Claims 1-3, 5-7, 9-11 and 23-32 are allowed.

The following is an examiner's statement of reasons for allowance:

With regard to claims 1 and 24: These claims are allowable over the prior art of record because the latter, either alone or in combination, does not disclose nor render obvious a dispersion optimized fiber with the dispersion slope, polarization mode dispersion and mode field diameter in the ranges claimed or a cable cut off wavelength, core concentricity and effective area as claimed, in combination with the rest of the claimed limitations.

With regard to claims 2-3, 5-7, 9-11, 23 and 25-32: These claims are allowable over the prior art of record because they depend on allowable claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
